Davis-Paige Management Systems

"Total Integrated and Coordinated Program Solution"

- **Davis-Paige Management Systems (DPMS), LLC**
 - **8(A), Small Disadvantaged Business, Disadvantaged Business Enterprise, Service Disabled Veteran, Minority, and privately owned company that provides integrated preparedness, security, risk management and business enterprise services.**
- **DPMS is:**
 - **Dedicated to delivering best-value services, products and engineering solutions based on innovative applications of science and technology to includes Homeland Defense.**
 - **Committed to exceeding our customers' expectations for quality, responsiveness, and professional excellence while delivering within the agreed price and schedule.**
 - **Committed to maintaining the highest standards of ethical behavior and professional integrity.**
- **DPMS employs people of exceptional creativity, expertise, and determination who work closely with one another and with our customers.**

DPMS personnel are experienced practitioners and executors!

Total Integrated and Coordinated Turn Key Solution

"Total Integrated and Coordinated Program Solution"

DPMS:

- Provides a comprehensive integrated and coordinated enterprise wide security program solution: consequence and crisis incident planning and management, equipment, logistics and training.
- Provides a broad spectrum of capabilities and products (both hardware and software) that can be quickly integrated into a customer's current business operations and infrastructure.
- Services and products include capabilities that will help detect, identify, deter, respond, and defend from the threat of Conventional, Incendiary, Information, Chemical, Biological, Nuclear, and Radiological terrorism .
- We are an Immediate **"Turn Key"** Solution!

DPMS Core Competencies

"Total Integrated and Coordinated Program Solution"

- ◆ Security Risk Assessment:
 - ✓ **Corporate Conventional, Chemical, Biological, Nuclear, Incendiary, and Information Terrorism Risk Analyses**
 - ✓ **Facility Risk Analyses**
 - ✓ **Vulnerability Assessment**
 - ✓ **National Disasters**
- ◆ Consequence and Crisis Planning and Management (Conventional, Chemical, Biological, Nuclear, Incendiary, Information and Terrorism):
 - ✓ **Integrated Emergency Response Plans, Management and Execution**
 - ✓ **Integrated Security Plans**
 - ✓ **Continuity of Operations**
 - ✓ **National Disasters**
- ◆ Programs and Project Acquisition Management
- ◆ Homeland Security and Grant Proposal Development, Submission and Coordination
- ◆ Security and Safety Engineering
- ◆ Equipment Acquisition, Maintenance, Sustainment and Training:
 - ✓ **Security Equipment, for example, Weapons and Explosive**
 - ✓ **Chemical Biological, Nuclear, Incendiary Detection, Protection, and Remediation Equipment**
- ◆ Training (Chemical, Biological, Nuclear, Incendiary, Information and Conventional Terrorism):
 - ✓ **Security Force and Emergency Response Manager**
 - ✓ **Emergency Response Manager**
 - ✓ **Security Force**
 - ✓ **HAZMAT Team**
- ◆ Other:
 - ✓ **Physical Security**
 - ✓ **Information Security**
 - ✓ **C2 Ops**
 - ✓ **Intelligence Analysis**
 - ✓ **Contingency Planning**

Proven Experience, Services and Products

"Total Integrated and Coordinated Program Solution"

◆ DPMS has established a legacy of high quality performance in supporting the continuity of government and emergency services at all echelons of government.

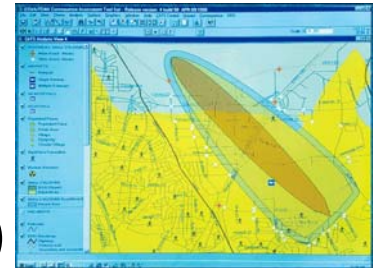

◆ DPMS has certified and trained personnel and specialized equipment :

- Security (Engineers) Experts
- NBC and Medical Engineers
- Information and Communications Engineers
- Procurement Specialists
- Logistics and Maintenance Technicians
- Environmental Engineers

◆ Products and Services

- NBC Decontamination, Detection and Protection
- Vehicle and Cargo Inspection Systems
- Force Protection and Anti-Terrorism Technologies
- Planning/Management Emergency Response
- Response Training
- Vulnerability Assessments
- Preparedness Planning

Difference Between Davis-Paige and the Competitors

"Total Integrated and Coordinated Program Solution"

Davis-Paige Management "Total Coordinated Program Approach"

- ◆ **Multi-functional**
- ◆ **Quick Reaction and Coordinated Transition to Execution**
- ◆ **Advanced State of the Art Product**
- ◆ **Quality Control Process (ISO 9001 Certified)**
- ◆ **Advanced Logistics and Sustainment Program**

Other Competitors-Single Solution

- ◆ **Single Functional**
- ◆ **Non Multi-functional**
- ◆ **Legacy Systems**
- ◆ **Slow and Uncertain**

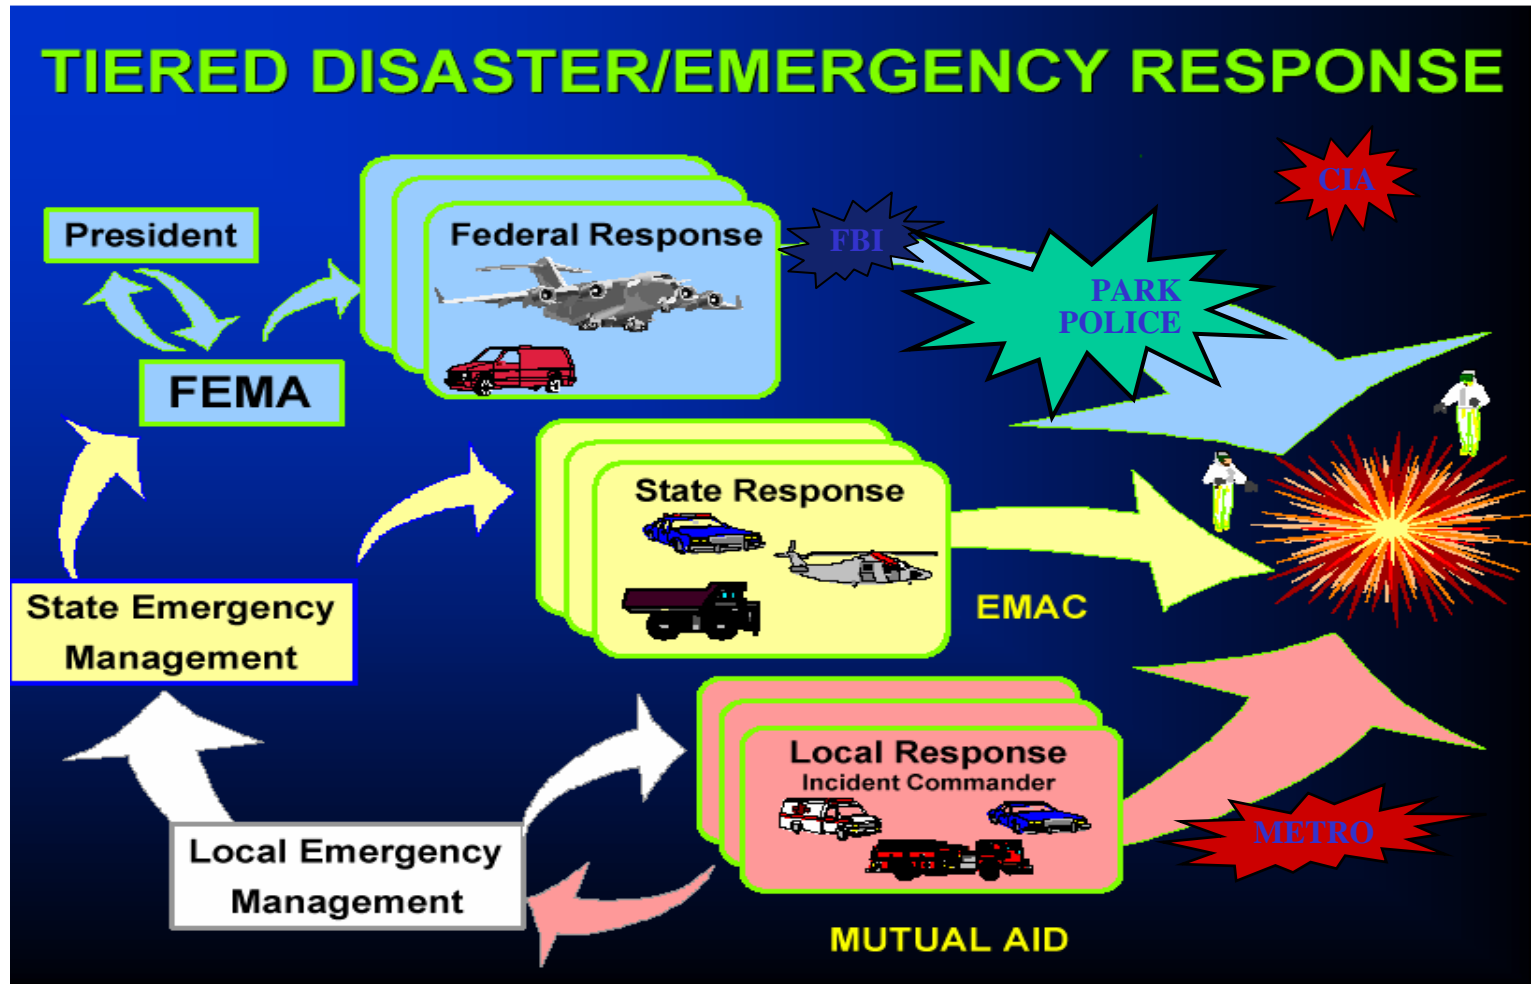

"Total Integrated and Coordinated Program Solution"

Some of the DPMS Services and Product Lines

Trained Experts in Disaster Emergency Response

"Total Integrated and Coordinated Program Solution"

Vulnerability Assessment and Security Planning

"Total Integrated and Coordinated Program Solution"

- ◆ **Security Program Development**
- ◆ **Threat and Vulnerability Assessment**
- ◆ **Risk Analysis**
- ◆ **System Analysis**

Counterterrorism Preparedness Planning

"Total Integrated and Coordinated Program Solution"

- ◆ A response to terrorist incidents requires robust contingency and response planning. Emergency responders, law enforcement, and public health and medical systems must be integrated to create a response that spans pre-incident preparation to final community restoration. Effective counterterrorism preparedness planning must include critical infrastructure protection, chemical/biological threat reduction, and vulnerability assessments.
- ◆ DPMS's SME professionals are practitioners of Homeland Security missions. The DPMS team includes experienced operational crisis managers from:
 - CIA
 - Department of Defense
 - FBI
 - local law enforcement entities
- ◆ DPMS offers counterterrorism preparedness planning services and support in:
 - Critical Incident Response and Doctrine Development
 - Development of Response Plans
 - Plan and Doctrine Familiarization Training
 - Incident Command System and Unified Command Instruction and Exercises
 - Development of Incident Commander Guides and Operations Manuals

Infrastructure Protection and Vulnerability Assessments

"Total Integrated and Coordinated Program Solution"

◆ Infrastructure Protection.

- **Critical Infrastructures are defined as physical and cyber-based systems essential to the most vital operations.**
- **DPMS offers the full range of Infrastructure Protection services including:**
 - Full-spectrum assessment of threats (as well as natural disasters)
 - Policy analysis and support
 - Tools and modeling techniques for planning and exercises
 - Physical and information security
 - Technology and systems development, evaluation, and integration
 - Emergency and consequence management
 - Site remediation

◆ Vulnerability Assessments.

- **DPMS is experienced in performing various types of vulnerability assessments:**
 - Uses widely accepted procedures, standards, damage models, and measures of effectiveness
 - Uses standardized methodologies for vulnerability analyses relative to the threat of a terrorist attack.

Terrorism Response Training

"Total Integrated and Coordinated Program Solution"

- ◆ **DPMS is a leader in terrorism response training:**
 - Conducted terrorism response training for military, intelligence, and civilian authorities throughout the United States.
 - Developed and conducted WMD training courses to include those offered through the Domestic Preparedness Program
- ◆ **DPMS offers training expertise in assessment, design, and implementation in the areas of:**
 - Classroom instruction on WMD events, governmental response to Natural Disasters, Geologic Events, Health Emergencies, Industrial Accidents, Utility and Energy Situations and Manmade Situations
 - Drills for First Responders
 - Joint Operations training in Joint Operations Center (JOC) operations
 - Walk-thru and comprehensive Tabletop Exercises organized around a Joint Operations Center
 - WMD Tabletop Exercises tailored to Cities and States
 - Assessment of community training needs
 - Distance learning technologies
 - Program of instruction development and implementation in all areas of crisis and consequence management operations
 - Training and exercise development, implementation and program integration

Mass-Casualty Medical Training and Evaluation

"Total Integrated and Coordinated Program Solution"

- ◆ DPMS provides Mass-Casualty Medical Training and Evaluation (MMT&E).
- ◆ MMT&E addresses the continuum of care beginning with the first responder, through stabilization up to patient's definitive care. It also provides for assessment of command, control, logistics, transportation and support services. DPMS offers:
 - Medical Readiness Assessment of individual and unit response
 - Treatments for Chemical-Biological and HazMat Events
 - Disaster Related Medical Care
 - Medical Readiness
 - Real-Time Expert Feedback
 - Event Documentation
 - Independent Verification Of Processes
 - Independent Validation Of Triage and Clinical Treatment
- ◆ MMT&E evaluates medical readiness and assesses responders for Nuclear, Biological and Chemical (NBC) incident, Mass casualty trauma event, and Disease and non-trauma injury.

Examples of Past Performance
